CHECKLIST

SEN support conversation checklist for parents

- [ ] Write down specific examples of difficulties you have noticed at home, including when and how often they happen.
- [ ] Request a meeting with the SEN coordinator if concerns continue or you think specialist input is needed.
- [ ] Find out what support the school has already tried and what evidence shows whether it is working.
- [ ] Ask for a written plan that names the adjustments, who will provide them, and when they will be reviewed.
- [ ] Involve your child in decisions about support so they understand what is being put in place and why.
- [ ] Check how support will transfer if your child moves to sixth form, college or another setting after GCSEs.
